

T. Leavell & Associates, Inc.

has a new name:

Leavell Investment Management, Inc.

2009 will mark the 30th anniversary of T. Leavell & Associates, Inc.

As we enthusiastically enter our fourth decade, we are renaming our firm to better articulate our primary focus — *trusted investment solutions*. At the same time, we are confirming our continued commitment to our clients as we transition to an employee-owned company.

Over the years, Leavell Investment Management's professionals have developed a trusted reputation as stock, bond, mutual fund and exchange-traded fund analysts and asset allocation specialists. This reputation has resulted in our firm becoming one of the largest independent Registered Investment Advisers in the region.

Our name is changing, but, our investment management approach — broad asset diversification to control risk, minimization of expenses and taxes, and realization of the benefits of compounding — remains the same.
